

BHNA General Meeting May 14, 2019

6:34 pm

Police-

Some guns, not neighborhood people. Reiterated that crime is generally opportunistic: lock doors, don't leave things in cars, trim bushes if they're covering windows, etc.

Bike patrols are starting so there will be an increase of police presence, including allies.

Cops on the court is an event this Thursday at Hector Flores Park - Cops are donating their time, Smokin' yards is donating the BBQ, Safeway donating water and oranges

Community Question: What determines whether we shut down schools? A: There are threats often, police do the best to determine which threats are credible, erring on the side of caution.
